INSTRUCTIONS:

- Fill in the name of the financial institution, the routing number and your account number for each account. You may elect to have your paycheck deposited in a total of three direct deposit accounts.
- Full Deposit: If your pay is deposited into a single account, it will be deposited into the account you list on this line. If you elect multiple deposits, the remaining balance after any partial deposits will be deposited in this account. **IMPORTANT NOTE:** You must designate one account as your Full Deposit account. If you deactivate your Full Deposit account without adding a new account for Full Deposit, your Partial Deposit accounts will be cancelled.
- Partial Deposit: Enter the dollar amount to deposit into each account.
- To change financial institutions, complete Section II for the existing account **and** add new financial information in Section I. Use one authorization agreement for both actions.
- For each NEW account listed in Section I, tape a cancelled check or deposit slip to a separate 8 1/2" x 11" sheet of paper. Write your name on the sheet and attach it to this authorization agreement.
- Print your name, social security number, department name and your telephone number on the authorization agreement. Sign and date the authorization agreement.
- Send the completed authorization agreement including the required cancelled checks and/or deposit slips to the Payroll Office.

NOTICE:

To be activated, your direct deposit authorization must be in writing and it must be signed. Authorization agreements are due in the Payroll Office according to the schedule published on the Controller's Office intranet website. Authorization agreements received after the deadline will be processed with an effective date for the following payday. All direct deposits go through a review process that takes up to two weeks.
